

REGISTRATION IDENTIFICATION SHEET

To be used as part of online horse registration

Please print these instructions and accompanying form to use to create a record of your kaimanawa horses' distinguishing marks, scars, brands and whorls. The more information provided the better your horse is able to be identified.

When you have completed the form, scan or photograph the page and prepare it for uploading to the online registration form along with your photographs.

Alternatively, you can take a photo of the form but please ensure you can see all of the information clearly. We only need the identification section to be returned.

Four photographs of your horse will be required to complete registration. Please ensure they are high quality and large enough to see the horse clearly.

When taking the photos please ensure the horse is not obscured in any way and is not covered by railings, bushes or shadows. Move tails and forelocks so markings can be clearly seen.

The four photos must clearly show the front, back, left and right sides of the horse.

Acceptable files types for uploading are pdf, doc, docx, jpg, jpeg, or png.

If you experience any difficulties, please email info@kaimanawaheritagehorses.org

Instructions

Mark the diagram below with the exact position of any distinguishing marks, scars, brands, whorls, etc.

- Brands are to be drawn in position.
- Scars to be shown as →
- Whorls to be shown as X.
- Stars or blazes on the face and any other markings to be drawn showing position and shape as closely as possible.

When completing the form online you will also be asked to provide a detailed description of the horse and their markings.

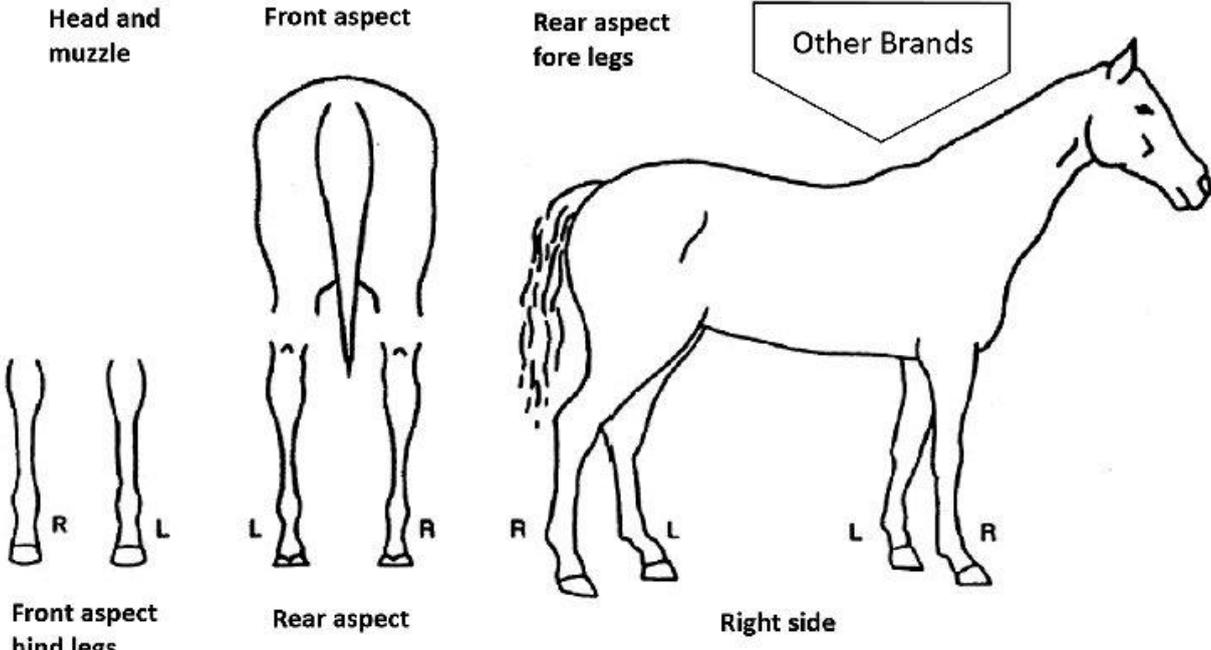

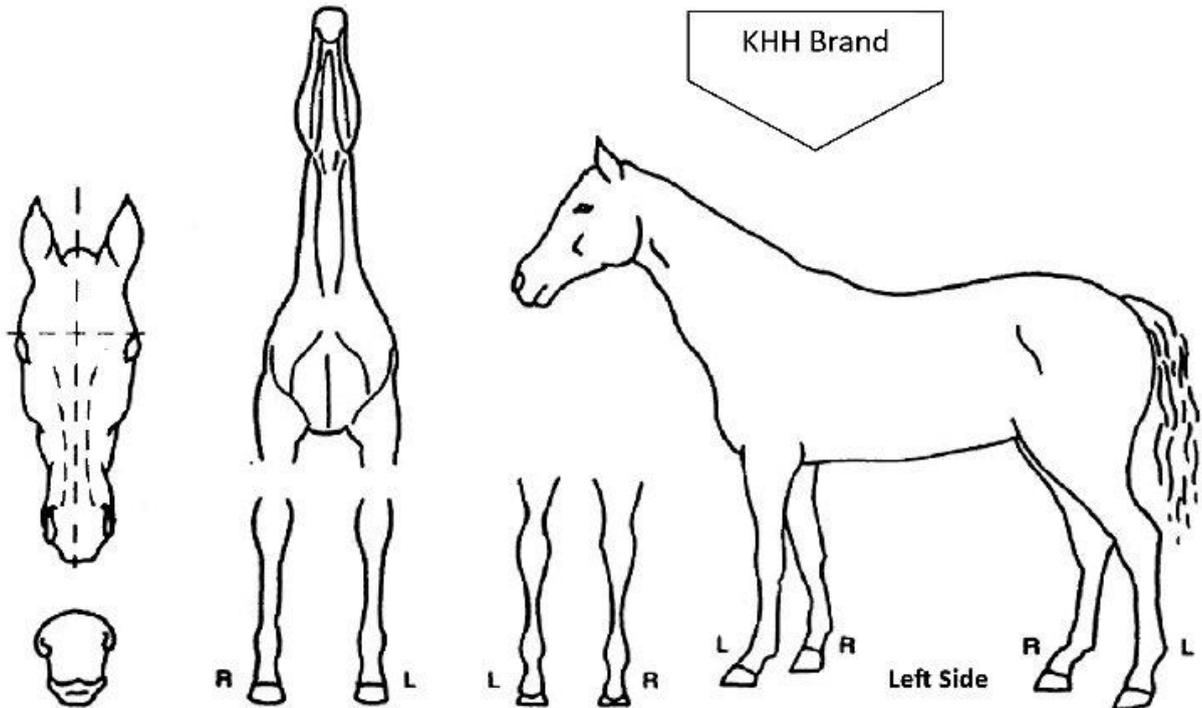

Visit <https://kaimanawaheritagehorses.org/horseregistration/> to complete your application for registration.
